

# Amendment Two

March 17, 2017

## Marina Gas Dock System and Installation for the Oswego Marina, Port of Oswego.

- 1.) Date for deadline of submission of RFP has been extended to March 31, 2017. (Due to weather and interest.)
- 2.) Under *General Guide for Construction* – The Post will accept a floating dock system (*or cantilever*), design build, for this RFP, in addition to original driven pile system. You may substitute a floating system for a fixed system. Please be aware of the river currents for the design.

### Note:

SITE VISIT: As it is important for the bidders to understand fully the local environment and conditions of insulation. We encourage a site visit to insure full understanding of the ports requirements. To set an appointment email William W. Scriber at [wscriber@portoswego.com](mailto:wscriber@portoswego.com) or call (315) 343-4503 ext. 108 or cell 315-963-9015.
