Full Environmental Assessment Form Part 1 - Project and Setting

Instructions for Completing Part 1

Part 1 is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either "Yes" or "No". If the answer to the initial question is "Yes", complete the sub-questions that follow. If the answer to the initial question is "No", proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the applicant or project sponsor to verify that the information contained in Part 1 is accurate and complete.

A. Project and Applicant/Sponsor Information.

Name of Action or Project:

Port of Oswego Grain Handling Improvements Project		
Project Location (describe, and attach a general location map):		
Port of Oswego, East Terminal Wharf. Tax parcel 128.31-01-01.01, 27.36 acres (see	attached map)	
Brief Description of Proposed Action (include purpose or need):		
The Port of Oswego, New York State's only port on Lake Ontario, is proposing to import of Oswego, New York Regional Agricultural Export Center Expansic continued operation of grain handling, supports and expands shipping and freight most fitted the proposed improvements in storage, weighing and grading are necessially increase efficiency in moving products to vessels for shipping.	on (the Project) is required for the vement of goods, and plays an in	Port of Oswego Authority's portant role in the economic vitality
The proposed work consists of the following components: Construction of Dome 4 sto Construction of Control Center Lab Building; Construction of Silo 1 bucket elevator and unloading pit; Replacement of the roof on Dome 3; and electrical service to Control	id bulk weigher / mechanical dive	
Name of Applicant/Sponsor:	Telephone: 315-343-4	4503
Port of Oswego Authority, William Scriber, Executive Director	E-Mail: wscriber@po	rtoswego.com
Address: 1 East 2nd Street		
City/PO: Oswego	State: NY	Zip Code: 13126
Project Contact (if not same as sponsor; give name and title/role):	Telephone: 315-455-2000	
Tom Siwula, PE	E-Mail: tsiwula@csco	os.com
Address: C&S Companies, 499 Col. Eileen Collins Blvd.		
City/PO:	State:	Zip Code:
Syracuse	NY	13212
Property Owner (if not same as sponsor):	Telephone:

d. Other local agencies ☐Yes☑No			
e. County agencies ☐Yes☑No			
f. Regional agencies ☐Yes☑No			
g. State agencies ✓ Yes No	NYSDOS Coastal Zone Consistency, NYSDEC SPDES General Permit		
h. Federal agencies ☐Yes☑No			
i. Coastal Resources.i. Is the project site within a Coastal Area, or	or the waterfront area of a Designated Inland W	aterway?	∠ Yes □No
ii. Is the project site located in a communityiii. Is the project site within a Coastal Erosion	with an approved Local Waterfront Revitalizat n Hazard Area?	ion Program?	✓ Yes□No □ Yes☑No
C. Planning and Zoning			
C.1. Planning and zoning actions.			
 Will administrative or legislative adoption, or a only approval(s) which must be granted to enal If Yes, complete sections C, F and G. If No, proceed to question C.2 and con 			∐Yes ⊠ No
C.2. Adopted land use plans.			
a. Do any municipally- adopted (city, town, vil where the proposed action would be located? If Yes, does the comprehensive plan include spowould be located?	(City LWRP)		□Yes□No ☑N.A.
b. Is the site of the proposed action within any l	ocal or regional special planning district (for exacted State or Federal heritage area; watershed n		□ Yes□No
c. Is the proposed action located wholly or part or an adopted municipal farmland protection If Yes, identify the plan(s):	•	pal open space plan,	□Yes☑No

C.3. Zoning	
a. Is the site of the proposed action located in a municipality with an adopted zoning law or ordinance. If Yes, what is the zoning classification(s) including any applicable overlay district? Industrial, Maritime, Waterfront, and Traditional Business ——————————————————————————————————	✓ Yes No
b. Is the use permitted or allowed by a special or conditional use permit?	☐ Yes☐ No ☑ N.A.
c. Is a zoning change requested as part of the proposed action? If Yes, i. What is the proposed new zoning for the site?	☐ Yes ☑ No
C.4. Existing community services.	
a. In what school district is the project site located? Oswego City School District	
b. What police or other public protection forces serve the project site?	
City of Oswego Police Department	
c. Which fire protection and emergency medical services serve the project site? Oswego City Fire Department	
d. What parks serve the project site?	
Breitbeck Park, Fort Ontario State Historic Site, Crisafulli Fields/Fort Ontario, Franklin Square, Washington Square Park, Linear F East, Montcalm Park, Oak Hill Park, Veteran's Memorial Park, Hamilton Park, Shapiro Park	Park West, Linear Park
D. Project Details	
D.1. Proposed and Potential Development	
a. What is the general nature of the proposed action (e.g., residential, industrial, commercial, recreational; if mixed, components)? Industrial (Maritime)	include all
b. a. Total acreage of the site of the proposed action? 19.84 acres	
b. Total acreage to be physically disturbed? 2.0 acres	
c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor? 51 +/- acres	
c. Is the proposed action an expansion of an existing project or use?	Z Yes N o
i. If Yes, what is the approximate percentage of the proposed expansion and identify the units (e.g., acres, miles, because feet)? % +/- 50% Units:tons (commodity storage)	nousing units,
d. Is the proposed action a subdivision, or does it include a subdivision?	□Yes Z No
If Yes, <i>i.</i> Purpose or type of subdivision? (e.g., residential, industrial, commercial; if mixed, specify types)	
ii. Is a cluster/conservation layout proposed?iii. Number of lots proposed?	□Yes □No
iv. Minimum and maximum proposed lot sizes? Minimum Maximum	
e. Will the proposed action be constructed in multiple phases? i. If No, anticipated period of construction: j. If Yes: 9 months	□Yes☑No
Total number of phases anticipated	
Anticipated commencement date of phase 1 (including demolition) month year	
 Anticipated completion date of final phase monthyear 	
 Generally describe connections or relationships among phases, including any contingencies where progress determine timing or duration of future phases:

Compared to the district needed? Compared to the district needed? Compared to the district needed? Compared to the district needed to the district	☐ Yes ☐ No		
Do existing lines serve the project site? Will line and residue and interest the project site?	☐ Yes☐ No		
<i>iii.</i> Will line extension within an existing district be necessary to supply the project? If Yes:	□Yes □No		
Describe extensions or capacity expansions proposed to serve this project:			
Source(s) of supply for the district:			
<i>iv.</i> Is a new water supply district or service area proposed to be formed to serve the project site? If, Yes:	☐ Yes☐No		
Applicant/sponsor for new district:			
Date application submitted or anticipated:			
Proposed source(s) of supply for new district:			
v. If a public water supply will not be used, describe plans to provide water supply for the project:			
vi. If water supply will be from wells (public or private), what is the maximum pumping capacity:	gallons/minute.		
d. Will the proposed action generate liquid wastes?	☐ Yes Z No		
If Yes:			
i. Total anticipated liquid waste generation per day: gallons/day			
ii. Nature of liquid wastes to be generated (e.g., sanitary wastewater, industrial; if combination, describe al approximate volumes or proportions of each):	_		
iii. Will the proposed action use any existing public wastewater treatment facilities?	□Yes□No		
If Yes:	105110		
Name of wastewater treatment plant to be used:			
Name of district:			
• Does the existing wastewater treatment plant have capacity to serve the project?	□Yes □No		
• Is the project site in the existing district?	□Yes □No		
• Is expansion of the district needed?	☐ Yes ☐ No		

 Do existing sewer lines serve the project site? 	□Yes□No
 Will a line extension within an existing district be necessary to serve the project? 	□Yes□No
If Yes:	
 Describe extensions or capacity expansions proposed to serve this project: 	
Describe extensions of capacity expansions proposed to serve and project.	
iv. Will a new wastewater (sewage) treatment district be formed to serve the project site?	□Yes□No
If Yes:	
Applicant/sponsor for new district:	
 Applicant/sponsor for new district: Date application submitted or anticipated: 	
• What is the receiving water for the wastewater discharge?	
v. If public facilities will not be used, describe plans to provide wastewater treatment for the project, including spec	cifying proposed
receiving water (name and classification if surface discharge or describe subsurface disposal plans):	
TD '1 1 1' ' 1 1	
vi. Describe any plans or designs to capture, recycle or reuse liquid waste:	
e. Will the proposed action disturb more than one acre and create stormwater runoff, either from new point	Z Yes □No
sources (i.e. ditches, pipes, swales, curbs, gutters or other concentrated flows of stormwater) or non-point	
source (i.e. sheet flow) during construction or post construction?	
If Yes:	
i. How much impervious surface will the project create in relation to total size of project parcel?	
Square feet or acres (impervious surface)	
Square feet or acres (parcel size)	
ii. Describe types of new point sources. The area proposed for redevelopment is currently impervious and the project does n	ot create any new /
additional impervious surfaces and there will be no change in stormwater runoff or poi	
iii. Where will the stormwater runoff be directed (i.e. on-site stormwater management facility/structures, adjacent p	properties,
groundwater, on-site surface water or off-site surface waters)?	
Currently there is both sheet flow and catch basins with drainage outlets to Lake Ontario. This will remain unchanged by the pr	oposed action.

h. Will the proposed action generate or emit methane (included landfills, composting facilities)? If Yes: i. Estimate methane generation in tons/year (metric):		∐Yes ☑ No	
i. Estimate methane generation in tons/year (metric):ii. Describe any methane capture, control or elimination medelectricity, flaring):		enerate heat or	
Will the proposed action result in the release of air pollutary quarry or landfill operations? If Yes: Describe operations and nature of emissions (e.g., d.)		∏Yes ∏ No	
 j. Will the proposed action result in a substantial increase in new demand for transportation facilities or services? If Yes: i. When is the peak traffic expected (Check all that apply) ii. Randomly between hours of 7:00 AM to 4:00 P iii. For commercial activities only, projected number of training): ☐ Morning ☐ Evening ☐ Weekend M	☑Yes ☐ No s):+/- 32 per day	
iii. Parking spaces: Existing			
k. Will the proposed action (for commercial or industrial projects only) generate new or additional demand for energy? If Yes: i. Estimate annual electricity demand during operation of the proposed action: To be determined, currently under design. Three new 200 amp services are estimated. ii. Anticipated sources/suppliers of electricity for the project (e.g., on-site combustion, on-site renewable, via grid/local utility, or other): Anticipated upgrades to the existing substation include a new transformer, new electrical switch gear distribution, main switch gear disconnect and three new 200-amp service panels. iii. Will the proposed action require a new, or an upgrade, to an existing substation?			
I. Hours of operation. Answer all items which apply. i. During Construction: Monday - Friday: 7:00 AM to 9:00 PM Saturday: 7:00 AM to 9:00 PM Sunday: N.A. Holidays: N.A.	 ii. During Operations: Monday - Friday: 24 hours/day Saturday: 24 hours/day Sunday: 24 hours/day Holidays: 24 hours/day 		

m.	Will the proposed action produce noise that will exceed existing ambient noise levels during construction, operation, or both?	☐ Yes Z No
If	ves:	
i.	Provide details including sources, time of day and duration:	
ii	Will the proposed action remove existing natural barriers that could act as a noise barrier or screen?	□Yes□No
	Describe:	
n.	Will the proposed action have outdoor lighting?	✓ Yes ☐ No
	yes:	
i.	Describe source(s), location(s), height of fixture(s), direction/aim, and proximity to nearest occupied structures:	10/lean a alain ia daalead
for e	The existing flood light tower will be removed and directional lighting pointing downward will be attached to Domes 1, 2 and 4. xport grain loading, additional portable lights will be used temporarily, as is currently done.	vvnen a snip is docked
	Will proposed action remove existing natural barriers that could act as a light barrier or screen?	☐ Yes Z No
	Describe:	
0.	Does the proposed action have the potential to produce odors for more than one hour per day?	☐ Yes Z No
	If Yes, describe possible sources, potential frequency and duration of odor emissions, and proximity to nearest	
	occupied structures:	
	Will the proposed action include any bulk storage of petroleum (combined capacity of over 1,100 gallons) or chemical products 185 gallons in above ground storage or any amount in underground storage?	☐ Yes Z No
	Yes:	
ii.	Volume(s) per unit time (e.g., month, year)	
iii.	Generally, describe the proposed storage facilities:	
	Will the proposed action (commercial, industrial and recreational projects only) use pesticides (i.e., herbicides,	☐ Yes ☑ No
	insecticides) during construction or operation? Yes:	
	i. Describe proposed treatment(s):	
i	Will the proposed action use Integrated Pest Management Practices?	☐ Yes ☐No
r. V	Will the proposed action (commercial or industrial projects only) involve or require the management or disposal	Yes No
	of solid waste (excluding hazardous materials)?	
	Yes:	
	Describe any solid waste(s) to be generated during construction or operation of the facility:	
	 Construction: tons per (unit of time) Operation: tons per (unit of time) Describe any proposals for on-site minimization, recycling or reuse of materials to avoid disposal as solid waste 	
ii	Describe any proposals for on-site minimization, recycling or reuse of materials to avoid disposal as solid waste	:
•••	• Construction:	•
	Operation:

1		ı	

c. Is the project site presently used by members of the community for public recreation? i. If Yes: explain:	□Yes☑No
d. Are there any facilities serving children, the elderly, people with disabilities (e.g., schools, hospitals, licensed day care centers, or group homes) within 1500 feet of the project site? If Yes, i. Identify Facilities:	∐Yes , No
e. Does the project site contain an existing dam? If Yes:	□Yes☑No
<i>i</i> . Dimensions of the dam and impoundment:	
• Dam height: feet	
• Dam length: feet	
• Surface area: acres	
• Volume impounded: gallons OR acre-feet ii. Dam's existing hazard classification:	
iii. Provide date and summarize results of last inspection:	
m. I for the date and summarize results of fast inspection.	
f. Has the project site ever been used as a municipal, commercial or industrial solid waste management facility, or does the project site adjoin property which is now, or was at one time, used as a solid waste management facil If Yes:	☐Yes ☑ No ity?
i. Has the facility been formally closed?	☐Yes☐ No
• If yes, cite sources/documentation:	
ii. Describe the location of the project site relative to the boundaries of the solid waste management facility:	
iii. Describe any development constraints due to the prior solid waste activities:	
g. Have hazardous wastes been generated, treated and/or disposed of at the site, or does the project site adjoin property which is now or was at one time used to commercially treat, store and/or dispose of hazardous waste? If Yes:	✓ Yes No
i. Describe waste(s) handled and waste management activities, including approximate time when activities occurred	ed:
The adjoining Port-owned marina at the Port of Oswego to the south stores and sells gasoline fuel for docked boats.	
 h. Potential contamination history. Has there been a reported spill at the proposed project site, or have any remedial actions been conducted at or adjacent to the proposed site? If Yes: 	☐Yes ☑ No
i. Is any portion of the site listed on the NYSDEC Spills Incidents database or Environmental Site Remediation database? Check all that apply:	□Yes□No
Yes – Spills Incidents database Provide DEC ID number(s):	
Yes – Environmental Site Remediation database Provide DEC ID number(s):	
☐ Neither database	
ii. If site has been subject of RCRA corrective activities, describe control measures:	
<i>iii.</i> Is the project within 2000 feet of any site in the NYSDEC Environmental Site Remediation database? If yes, provide DEC ID number(s): 738045, C738045, 738043, 738042, E738040, C7380	✓ Yes□No
iv. If yes to (i), (ii) or (iii) above, describe current status of site(s):	
A review of the NYSDEC Environmental Site Remediation database does not indicate site status and/or assessments that affect	the Port of Oswego.

v. Is the project site subject to an institutional control limiting property uses?	☐ Yes Z No
If yes, DEC site ID number:	
Describe the type of institutional control (e.g., deed restriction or easement):	
 Describe any use limitations: Describe any engineering controls: 	
Will the project affect the institutional or engineering controls in place?	☐ Yes ☐ No
• Explain:	
E.2. Natural Resources On or Near Project Site	
a. What is the average depth to bedrock on the project site? <u>Unclassified, variable</u> feet	
b. Are there bedrock outcroppings on the project site?	☐ Yes Z No
If Yes, what proportion of the site is comprised of bedrock outcroppings?	
c. Predominant soil type(s) present on project site: Urban Land (UB)	100 %
	%
d. What is the average depth to the water table on the project site? Average:variable_ feet	
e. Drainage status of project site soils: Well Drained: % of site	
✓ Moderately Well Drained: 100 % of site	
Poorly Drained% of site	
f. Approximate proportion of proposed action site with slopes: 2 0-10%: 100 %	
	of site
	of site
g. Are there any unique geologic features on the project site?	☐ Yes ☑ No
If Yes, describe:	
h. Surface water features.i. Does any portion of the project site contain wetlands or other waterbodies (including streams, riv	rers, ✓ Yes□No
ponds or lakes)?	ers, Vres_no
ii. Do any wetlands or other waterbodies adjoin the project site?	✓ Yes No
If Yes to either <i>i</i> or <i>ii</i> , continue. If No, skip to E.2.i.	
iii. Are any of the wetlands or waterbodies within or adjoining the project site regulated by any federal	eral,
state or local agency?	
 iv. For each identified regulated wetland and waterbody on the project site, provide the following in Streams: Name Classification 	
	ation
 Lakes or Ponds: Name Wetlands: Name Federal Waters, Federal Waters Approximation 	nate Size
▲ W 1 1N ('C 1 1 1 DEC)	
wetland No. (if regulated by DEC)	paired Yes \(\sqrt{N}\) No
waterbodies?	
If yes, name of impaired water body/bodies and basis for listing as impaired:	
i. Is the project site in a designated Floodway?	Yes √ No
	_
j. Is the project site in the 100-year Floodplain? Note: FEMA mapping indicates the East Terminal Wharf is not with the following the following state of the fol	
k. Is the project site in the 500-year Floodplain? Note: FEMA mapping indicates the East Terminal Wharf is not	— <u>—</u>
l. Is the project site located over, or immediately adjoining, a primary, principal or sole source aquife If Yes:	er?
i. Name of aquifer:	
-	

m. Identify the predominant wildlife species	1.0		
Typical urban wildlife and bird species	Raccoons	Various small mammals	
Grey Squirrels	Skunks	Canada Geese	
Door the anniest site contains a design at all	-:::::::::::::::::::::::::::::::		DV ZNI-
n. Does the project site contain a designated If Yes:	significant natural community?		☐Yes Z No
<i>i</i> . Describe the habitat/community (compose	sition, function, and basis for design	gnation):	
ii. Source(s) of description or evaluation:			
iii. Extent of community/habitat:			
• Currently:		acres	
• Following completion of project as	proposed:		
• Gain or loss (indicate + or -):		acres	
o. Does project site contain any species of pl	ant or animal that is listed by the f	federal government or NYS as	✓ Yes No
endangered or threatened, or does it contain	n any areas identified as habitat fo	or an endangered or threatened speci	es?
If Yes:			
i. Species and listing (endangered or threatene	d):		
Lake Sturgeon All work will occur in existing devel	oped areas and have no effect on the 0	Oswego River or Lake Ontario. No addit	onal impervious
surfaces will be created and stormwater runoff qu	antity or quality will not change.		
p. Does the project site contain any species	of plant or animal that is listed by	NYS as rare, or as a species of	☐Yes Z No
special concern?	or producer animization to the control of	1.12 do 1010, of do a species of	
If Yes:			
. 0			
q. Is the project site or adjoining area current			∐Yes Z No
If yes, give a brief description of how the pro	posed action may affect that use:		
E.3. Designated Public Resources On or N	Near Project Site		
a. Is the project site, or any portion of it, loca		strict certified nursuant to	□Yes Z No
Agriculture and Markets Law, Article 25-		strict certified pursuant to	1031110
If Yes, provide county plus district name/nu			
b. Are agricultural lands consisting of highly	-		□Yes ∠ No
i. If Yes: acreage(s) on project site?ii. Source(s) of soil rating(s):			
		127.7	
c. Does the project site contain all or part of Natural Landmark?	, or is it substantially contiguous t	o, a registered National	□Yes ∠ No
If Yes:			
<i>i</i> . Nature of the natural landmark:	Biological Community	l Geological Feature	
<i>ii.</i> Provide brief description of landmark, in			
1	5		
d. Is the project site located in or does it adjo	sin a state listed Critical Environmen	ental Area?	☐Yes Z No
If Yes:	om a state fisted Cittleat Environm	Ciitai Aica:	☐ 1 c2M 140
i. CEA name:			
ii. Basis for designation:			
iii. Designating agency and date:			

which is listed on the National or State Register of Historic Places, or that has been determined by the Commissione Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places	
If Yes: i. Nature of historic/archaeological resource: ✓ Archaeological Site ii. Name: Fort Ontario ✓ Historic Building or District	
iii. Brief description of attributes on which listing is based: Historic fort owned by New York State. The project requires SHPO coordination and review.	
f. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?	¶Yes □No
If Yes:	Yes √ No
i. Describe possible resource(s):	
scenic or aesthetic resource?	Yes Z No
If Yes: i. Identify resource: The Seaway Trail	
ii. Nature of, or basis for, designation (e.g., established highway overlook, state or local park, state historic trail or sceetc.): Scenic biway	enic byway,
iii. Distance between project and resource: 0.25 miles.	
Program 6 NYCRR 666? If Yes:	Yes Z No
i. Identify the name of the river and its designation:	
ii. Is the activity consistent with development restrictions contained in 6NYCRR Part 666?]Yes □No
F. Additional Information Attach any additional information which may be needed to clarify your project. If you have identified any adverse impacts which could be associated with your proposal, please describe those impact measures which you propose to avoid or minimize them.	cts plus any
G. Verification I certify that the information provided is true to the best of my knowledge.	
Applicant/Sponsor Name Port of Oswego Authority, William W. Scriber Date July 9, 2020
